Nero

Nero

Builders Range

Nero has carefully designed the Builders Range to suit both budget-conscious consumers and project or volume builders. The range includes 4 collections and up to 5 different finishes, specifically engineered for durability in everyday use. Each collection comes with a full set of accessories to complement the overall look and feel of the space.

All collections are lead-free, including the shower mixer bodies, ensuring safety and peace of mind. We back our products with 15-year cartridge warranties and 10-year warranties on finishes and parts, giving you complete confidence in your purchase. For ultimate convenience, our latest innovation—the Universal Body—offers flexibility for both.

Universal Body

UNIVERSAL BODY

Consumer Advantage

Fit off universal bodies during rough in stage allowing the customer to delay their design decision until later in the build cycle. This way the customer can continue to monitor the most current trends around style and colour as they continue to evolve their interior design theme.

Installers Advantage

This is of great benefit to the plumber who does not have to store the trim kits until fit off thus reducing storage cost, damage, or theft. In addition, they can also purchase universal bodies from their merchants in quantities saving valuable time.

Collection Options

Universal bodies are available for most of our builders collections, allowing the customer to select from up to 5 colour options. This will continue to evolve, as we design and manufacture future collections.

Switch Styles

The benefit of our universal body for the future is the ability to change styles and colour by simply replacing the trim kit, this will take a matter of minutes with no need to remove or damage tiles or the walls surface.
